Work Experience

Web Developer
Freelance   **2020 - present**

Taught myself web development through various Udemy courses and personal projects. After understanding the fundamentals I reached out to local businesses to work on real-world projects.

Self-employed
Universal Medical Transportation   **2016-2018**

Headed an M&A venture focusing on the strategic roll-up of medical transport businesses. Responsibilities involved recruiting an advisory board made up of successful individuals in the field, as well as potential financing partners and sellers.

Portfolio Manager
Dario Family Real Estate Trust   **2016-2018**

Facilitated residential real estate transactions for a family-owned investment trust. Responsibilities involved communicating with brokers and negotiating deals with potential buyers, as well as determining optimal markets for capital investment.

Academic History

Oregon State University
Business Administration   **2016-2018**

Skills

Thorough understanding of web fundamentals
